

Help protect your
little pumpkin from
serious RSV
lung infections
this fall

Although severe RSV is rare,
RSV is the leading cause of
hospitalization in babies under age 1

RSV: Respiratory Syncytial Virus

**Schedule your baby's appointment
for RSV protection today**

A photograph of a woman with curly hair smiling warmly at a baby. The baby is wearing a striped onesie and looking back at the woman. The background is softly blurred, suggesting an indoor setting.

**The holidays
are approaching.
And so is RSV.**

RSV season usually
occurs fall-spring but
can vary by local areas

RSV: Respiratory Syncytial Virus
